### Prices of accommodation plus boarding

All mentioned prices of the barges include boarding, except of course those of self boarding (ZEV). Other costs that are included are: harbour- and lock-dues, fuel costs, and all taxes based on the HAT Tours standard itineraries. Local tourist taxes are not included.

For each ship you'll find a 'basic number of persons'. This indicates that you always pay the basic price for this basic number: it doesn't matter if your group consists of only one person or of the total basic number. Each person additional to the basic number will be charged for an extra amount.

### Boarding: Basically there are three types of boarding:

**1. Second-class full board (SVP):** 3 good, standard meals a day (breakfast, lunch and a 2 courses dinner). The passengers are required to wash the dishes, lay the table, do the cleaning during and at the end of the trip. We can provide you an offer for rental of bedding and/or towels

**2. First-class full board (VP+):** Three extensive meals a day (breakfast, lunch and a 3 courses dinner); Halfway a 7-day trip there's a change of towels; no extra activities are required of passengers

**3. All-in full board (AVP):** Extensive breakfast and ditto lunch, upgraded four courses dinner. Halfway during your 7-day trip there's a change of bedding and daily a change of towels.

The price a person for an **extra night** includes dinner on Friday night and breakfast on Saturday morning. On request we'll be pleased to give you an offer for all other types of boarding.

On several ships you may choose for **Self Boarding (ZEV)**. This allows you to use the galley in order to prepare your own meals.

The passengers take care of the cleaning of the ship at the end of your trip. We can provide you an offer for rental of bedding and/or towels.
